

Associate Yourself With A New Degree:

The new Associate Degree in Applied Science!

CWA/NETT Academy and Stanly Community College have worked hard to develop this degree to be relevant for CWA Members and flexible enough to tailor to your career goals.

Now, through CWA/NETT Academy, you can earn an Associate Degree in Applied Science, Telecommunications and Network Engineering Technology.

If you've already started your college studies, you can transfer up to 75% of required credits. CWA Members, their spouses and children are eligible, and all students enjoy CWA/NETT Academy's convenient online training format; study whenever you can, wherever you are!

Your union. Your future.
